

Sympathize with you -
I know how hard it
is - but I know also
that you will be
brave and trust in
the Dear Heavenly Father
who will always help
and guide you - Just
trust him Carrie, absolutely
do your best and know
all the time that he
will take care of you all
& that everything will
be well - Write me when you
can & let that be often - With love
to every one - Mother

Dearest Carrie
It is Sunday eve & I
am just ready for bed
but I knew I should
drop you a word before
I turned in I stayed
in Omaha until today
night. I could just as
well have stayed with
you a day more. I phoned
to Max Wed eve & he said
it was so stormy & bad
that there was "nothing
doing" so I stayed one
night with Max & me with

Fattie - I have a miserable
headache today I got cold in
bed last night - & was too lazy
to get up and hunt any covers
so you know I must suffer
for it - We are going to move
tomorrow - and Leah is just too
happy about it. My Dear I am
so glad I was able to see
you and the children - It
is a great comfort to me & I
certainly love those children
every one of them - (even Dean).
and I feel so much better
satisfied - I was glad to see
Grandma again too after
all these years - My. but it
does not seem possible -
the lapse of time - I think
of you so often Carrie and
